Subject: RE: Docket #20240032-SU

Good Afternoon, Glenn Pritchard.

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

RE: Docket #20240032-SU

I am a homeowner on Don Pedro Island, specifically at 301 S Gulf Blvd, unit #16. This property has been in my family for over 40 years, and I have a long history of spending time on this property.

I am writing to you today to express my **opposition** to Docket #20240032-SU. I am concerned that the county is considering allowing a private entity to install a sewer system on the barrier islands of Don Pedro and Knight Island. I do not see a proven need for such a central sewer system. Nor have I, as a homeowner, requested such a sewer service for the Islands.

I am acutely concerned that a private, for-profit entity such as EU will be able to operate such a system efficiently, safely and economically, having **NO previous experience**. Furthermore, the proposed rates for connection and recurring service are unrealistic and unaffordable for this community.

A similar application was unsuccessfully presented an **denied** several years ago. Please reject this application once again, nothing has changed to support this claim.

Respectfully submitted,

Glenn Pritchard
