**Subject:** RE: RE. Docket #20240032-SU

Good afternoon Susan Brown,

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Yvette Gillespie  
Commission Deputy Clerk I  
Florida Public Service Commission  
2540 Shumard Oak Blvd.  
Tallahassee, FL 32399

Subject: RE. Docket #20240032-SU

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

This email is in reference to EU's application for central sewer service on Don Pedro Island. I have coming to this beautiful island for 38 years and have been a homeowner for over 15 years.

I am asking you to DENY EU's application for wastewater service. I have not asked for this service, it is being forced on residents.

There is no proven need for this service and the cost to homeowners is astronomical. From initial costs, from hookup and additional electric required.

Charlotte County is definitely going through a building boom that is destroying a lot of animal habitats. The destruction to put in sewer that is not needed will only disrupt /destroy our fragile ecosystem on the island which is home to a lot of endangered species like the gopher tortoise.

EU is not a contractor and has no experience in installing sewer. They are a private for profit company, again, with no experience in owning wastewater systems.

There is no proven need for sewer. I have lived on the west coast of Florida for 59 years. There are several reports of spilled sewage during storms from just Pinellas County only, which have polluted waterways incredibly.

Please, deny EU's application for wastewater service.

Thank you,

Susan Brown  
Don Pedro Island  
101 S Gulf Blvd  
Placida, FL 33946
