To all concerned,

I am a homeowner on LGI and oppose the proposal for a Central Sewer system. It's totally unnecessary and solves no issues. Our systems work well, and are already monitored annually by the county. The costs would be exorbitant to owners, initially, and forever.

Have you ever been to the island? We have just enough government infrastructure to be safe and enjoy an "old Florida culture". Leave it alone, please. We don't need a for profit company messing with something that is not broken. Thank you !

Kind Regards,
