I have photographs you may be interested to see concerning the water utility service provided by the Petitioner, Environmental Utilities, LLC. Before Hurricane Ian we had a fire hydrant in the back of our home at 9744 Little Gasparilla Island. During the cleanup of storm debris, heavy equipment broke the fire hydrant and as you can see from recent photos, it has never been replaced. They are aware of this as they capped off the pipe and left it. This is an example of the haphazard service provided by Environmental Utilities, LLC and leaves the homeowners on the south end of LGI by our home with no fire protection.
