Subject: RE: Docket #20240032-SU

Good Morning, Rose Malone.

We will be placing your comments below in consumer correspondence in Docket Number 20240032 and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Commission Deputy Clerk I
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399
Phone: (850) 413-6467

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your email message may be subject to public disclosure.

Hello,

My name is Rose Malone. I am a property owner on Knight Island. I am formally requesting that the PSC **deny EU's application for wastewater service** for these reasons.

- **Environmental concerns:** No water quality testing has been done in our area to prove a need for sewer. This project brings the potential for destruction of habitat and interference with endangered species such as the gopher tortoise.

- **Potential of sewer spill in the Intracoastal:** The risk of a central sewer leak with a subaqueous crossing is greater than the risk of one or more septic systems developing leaks.
- **Traffic Congestion:** The combination of post-storm rebuilds, new home construction, and tourist traffic during season has made wait lines at the ferry both unpredictable and outrageous. This will only add to the current ferry issues the islanders deal with on a daily basis.
- **New easement giveaway:** Most utility easements are placed in the road right-of-way. EU has claimed ownership of a utility easement that will go from the sewer equipment, located near the house to the connection in the road without compensating the homeowner. Our easements are already being taken away by new property owners planting plants and extending driveways past their property line causing no room for walkers to get out of the road. This will only add to the unsafe conditions for walkers or runners.

Thank you,

ROSE MALONE
