I am a homeowner at Hideaway Bay Beach Club, 9400 Little Gasparilla Island, Unit K1, Placida, FL 33946 on Little Gasparilla Island, Charlotte County, Florida. We currently have on onsite septic system for all of the 102 owners here at Hideaway Bay that we pay for with our quarterly assessments. We paid extra money out of our homeowners funds to repair/clean out the septic system after Hurricane Ian. Our system abides by any environmental codes and works well for us here at Hideaway Bay. We certainly don't need to pay any extra for a new low pressure system that may end up having or creating a whole new set of problems/fixes it may need. Please don't allow this new system to be put in place on our little island which seems to be functioning just fine as we are.

Thank you, Will and Keelan Armstrong (keearm@hotmail.com)
