Hello Commissioners,

This letter is being written in regards to the proposed EU application for wastewater services on Little Gasparilla Island--Docket# 20240032-SU.

As a homeowner at Hideaway Bay Beach Club, we are satisfied with our current system of wastewater services and are ***NOT seeking sewers***. The disruption, cost, and environmental impacts will be detrimental to Hideaway and our island.

Please consider denying Jack Boyer's application to install sewers on Little Gasparilla Island. He has his own personal gains in mind instead of the island and it's residents' best interest.

Please provide confirmation of receipt of this email.

Thank you,  
Kevin and Pamela Kendall
