Dear PSC Member,

As a concerned TECO customer [and AARP member in Florida], I am writing to express my opposition to TECO's proposed rate increase.

I urge you to carefully consider the impact of a rate increase on Florida residents, particularly the most vulnerable among us. With the rising costs of living, including healthcare and housing, a hike in utility rates would decrease our quality of life.

I ask that you prioritize the interests of consumers over corporate greed and reject TECO's proposed increase to the return on equity and fixed customer charge. This is pure profit that customers should not have to pay for. Now more than ever, it is crucial to ensure that essential services remain affordable and accessible to all Floridians.

All in the name of "guaranteed profit"!!!!

Any company providing a service should be allowed a chance to grow and profit. But to have

a consumer who has no other choice and is a captive victim of greed is just SHAMEFUL!!!

Thank you for your careful consideration to this matter.

Sincerely,

Robert White
