This is OUTRAGEOUS!

Duke Energy is seeking approval for an \$820 million increase from the Florida Public Service Commission (PSC) asking:

Raise rates by 27% over the next three years, this is a \$16.48 per month increase in 2025 alone. Increase their guaranteed profit (return on equity) to 11.5%, well above the national average of 9.71%. Add \$2.56 more to the \$30 per month fixed customer charge, which is unrelated to electric usage. This rate hike will burden households already struggling with rising costs.

How much more will you give to the greedy, overpaid, and overstaffed Duke Energy?

Joan
