I am shocked at the increase proposed by Duke energy. With bills increasing every month, groceries more expensive, there is no need for Duke to increase their profits, at our expense! Their mismanagement has led to too many increases, This needs to stop. Please do not allow Duke energy to have this increase so that the people in Florida can manage without trying to find that extra money just so they can have more profit!

I'm opposed to the rate increase Duke Energy is requesting. My electrical bill his higher this year from last already.
