Dear PSC Member,

As a concerned Duke Energy customer I am writing to express my opposition to Duke Energy's proposed rate increase.

I was recently laid off from my job which has severely strained my budget. A higher electric bill would be another blow to a fragile situation.

I urge you to carefully consider the impact of a rate increase on Florida residents, particularly the most vulnerable among us. With the rising costs of living, including healthcare and housing, a hike in utility rates would decrease our quality of life.

I ask that you prioritize the interests of consumers over corporate greed and reject Duke

Energy's proposed increase to the return on equity and fixed customer charge. This is pure profit that customers should not have to pay for. Now more than ever, it is crucial to ensure that essential services remain affordable and accessible to all Floridians.

Thank you for your careful consideration to this matter.

Sincerely,

Maria Asencio
