- 1. According to OUC's 2024 Ten-Year Site Plan, Schedule 2.3, it appears that the Utility's 2023 Total Number of Customers, in the amount of 275,339, increased by 2.29 percent compared to OUC's 2022 Total Number of Customers, which was 269,172. Please explain the major contributor(s) to this increase.**

OUC Response:

The primary driver of this increase is the growth in the residential customer segment, which grew 2.6% from 2022 to 2023.
