I am a central Floeida Duke Energy customer. This year alone our Electric bill has increasted 40%. Please do not let Duke pick our pockets any more. As a customer I would request a reduction. their bottom line (if not played with), is in the Millions possibly Billions! I am a very elderly Widow . Due to outrageous inflation I have outlived our savings and now am forced to struggle trying to live on Social security alone. I havemalready done a reverse Mortgage and will soon loose that. I am not alone ! Please do your job and protect us !!!

I have been a Florida resident for 45 years.
I am strongly opposed to Duke Energy's request to increase our rates!!!!
Please stop the greed and help suffering homeowners.

First, let me say thank you for Duke decreasing rates. It is unthinkable that the PSC would allow another rate hike when we are going into Summer and gas prices are lower. Please explain to me how in Florida we can afford the electricity when we can't afford food or housing! I'm working two jobs just to make ends meet enough already! The CEO of Duke does not need more money!!!
