To whom it may concern. I am a senior citizen. My wife and I also take care of my Mother in law, who is from overseas and has little income and no benefits for medicine, doctors visits etc.. We are barely getting by as it is. The electricity bills are already exponentially high, last thing we need is a higher, than it already is electric bill, that we can't afford to pay. Please decline this proposed increase.

Respectfully,
David S. Martin
