Subject: RE: Comment on Duke Energy Docket # 20240025

Good morning Doris Edmonds,

We will be placing your comments below in consumer correspondence in Docket No. 20240025, and forwarding them to the Office of Consumer Assistance and Outreach.

Best regards,

Charlie Smith II

Subject: Comment on Duke Energy Docket # 20240025

To the FL Public Service Commission,

I am writing this email today to urge Duke Energy to retire Units 4 and 5 - two expensive, outdated, unhealthy, polluting coal plants at the Crystal River, Florida Plant by 2030. Duke seeks to charge customers over \$50 million in the next two years on equipment maintenance on these coal units that could be spent on clean energy.

Duke should commit instead to shutting down its coal-burning facilities by 2030 while investing in clean energy now.

Thank you for your consideration,
Doris Edmonds
