CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Duke Energy is requesting that the Florida Public Service Commission grant yet another rate hike. Duke Energy's Florida rates are already the 5th highest in the nation among utilities with more than 100,000 ratepayers. Duke already makes more than 10% profit, yet they want to increase the average monthly bill by about \$24 with this request.

Please do not approve their rate hike.

Thank you,  
TINA BOSKOVICH
