CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Please do not approve another rate hike for Teco, they had records gains already and in a hard a time for most people in Florida with Insurance rates as they are, we don't deserve to have our electric going up again not only for 2025 but for the next 3 years. For once please think of the people and not the big companies
