Subject: Proposed TECO Rate Hike for residential customers

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

As a concerned TECO customer, I am writing to express my opposition to TECO's proposed rate increase.

I urge you to carefully consider the impact of a rate increase on Florida residents, particularly the most vulnerable among us. With the rising costs of living, including healthcare and housing, a hike in utility rates would decrease our quality of life.

I ask that you prioritize the interests of consumers over corporate greed and reject TECO's proposed increase to the return on equity and fixed customer charge. This is pure profit that customers should not have to pay for. Now more than ever, it is crucial to ensure that essential services remain affordable and accessible to all Floridians.

Thank you for your careful consideration in this matter.
