Hello,

As a resident in Hillsborough County, I hope the requested TECO rate increase does not go through. We are all going through so much with the current economy, but an increase in profits for a company is not necessary right now as many of us Florida residents are struggling to balance a budget with the increases to house insurance, car insurance, gas prices, grocery costs, etc. The state is being priced out of lower-middle-class budgets in where we can no longer afford to live in this state. Please do not allow this rate increase to go through, as we need the state to really step up to help the citizens to live affordably.

Thanks!
Nadine Hill
