DOCKET NO. 20240001-EI
ORDER NO. PSC-2024-0421-CFO-EI
ISSUED: September 11, 2024

ORDER GRANTING TAMPA ELECTRIC COMPANY'S
REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 02335-2022)

On October 20, 2023, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (TECO) filed a Request for Extension of Confidential Treatment (Request) of portions of its response to the Office of Public Counsel's (OPC) First Request for Production of Documents No. 1, labeled as "OPC's 1st PODs (Nos. 1-8)_FINAL-CONF_bates.pdf" (Document No. 02335-2022).

Request for Confidential Classification

TECO contends that designated portions of the information contained in its response to OPC's First Request for Production of Documents No. 1, labeled as "OPC's 1st PODs (Nos. 1-8)_FINAL-CONF_bates.pdf", as more specifically described in the attachment to its Request, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. The Exhibit attached to TECO's Request contains a detailed matrix providing justification and support for confidential classification of the information. TECO asserts that this information is intended to be and is treated by TECO as private and has not been publicly disclosed.

TECO states that the information contained in its response to OPC's First Request for Production of Documents No. 1, labeled as "OPC's 1st PODs (Nos. 1-8)_FINAL-CONF_bates.pdf", consists of email correspondence between TECO and General Electric regarding negotiations for root cause analysis services related to an outage at Polk Unit 1. This file also contains confidential price quotations prepared by General Electric regarding repairs to the unit. TECO argues that this type of material is confidential under the provisions of Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that the records the Florida Public Service Commission (Commission) has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the information and data provided in this request continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The negotiations for root cause analysis services and unit repair price quotations appear to be “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 02335-2022 shall be granted extended confidential classification.

Pursuant to Section 366.093(4), F.S., confidential classification may only extend for up to 18 months from the issuance of an Order granting confidential classification unless “the Commission finds, for good cause, that the protection from disclosure shall be for a specified longer period.” Accordingly, the information identified in Document No. 02335-2022, shall be granted extended confidential classification for a period of 18 months from the issuance of this Order.

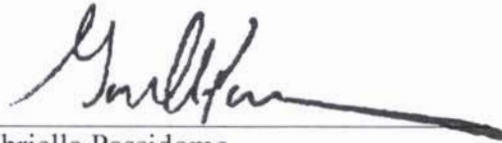

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Tampa Electric Company’s Request for Extension of Confidential Classification of Document No. 02335-2022 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 02335-2022, for which confidential classification is granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 11th day of September, 2024.
