Good Morning Steven D. Kurland,

We will be placing your comments below in consumer correspondence in Docket No. 20240068, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you.

*Jenae Thornberry*

Commission Deputy Clerk I  
Florida Public Service Commission

To whom it may concern,

It is almost every two years this water utility is asking for a price increase. From day 1 when they bought out Sanlando utilities/Utilities inc. our area has been paying more then we should. My rate was less then \$50 a month when we had Sanlando utilities/Utilities inc. and now we are averaging around \$120 a month. 100 % increase since they took over. I was informed that we had a very efficient system in our area but due to the inefficiencies of the other areas we were funding their areas. I think they need to go back to territorial pricing so that we do not pay for others in their water kingdom.

Also, if they want to spend some funding in our area, what we really need is a water reuse system in our area for our water sprinkler systems. We are being charged for wastewater charges for water that is being used to water our lawns and does not go into the water drain systems. Unless we have a separate reuse system, we are unfairly being charged for watering our lawns.

Please do not allow Sunshine Water to continue to burden its customers with unreasonable water bills.

Thank you,

Steven D. Kurland
