DOCKET NO. 20240001-EI
ORDER NO. PSC-2024-0462-CFO-EI
ISSUED: October 29, 2024

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 02144-2023)

On October 11, 2024, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Extension of Confidential Classification (Request) of its response to the Office of Public Counsel's (OPC) First Production of Documents Request No. 7 (Document No. 02144-2023).

Request for Confidential Classification

FPL contends that the information contained in OPC's First Production of Documents Request No. 7 continues to constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

The information contained in OPC's First Production of Documents Request No. 7 consists of Framatome engineering information regarding St. Lucie Units 3 and 4 and Turkey Point Units 1 and 2. This information is proprietary to Framatome and, if disclosed, could harm the competitive interests of both Framatome and FPL. For these reasons FPL argues that this information is protected by Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the information and data provided in this request continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The engineering information regarding the St. Lucie and Turkey Point nuclear units, if disclosed, would violate the non-disclosure agreement FPL has with Framatome and harm both the competitive interests of both parties. Thus, the information identified in Document No. 02144-2023 shall be granted extended confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Florida Power & Light Company's Request for Extension of Confidential Classification of Document No. 02144-2023, is granted, as set forth herein. It is further

ORDERED that the information in Document No. 02144-2023, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 29th day of October, 2024.
