Vice President of Regulatory Affairs  
Florida Power & Light Company  
134 West Jefferson Street  
Tallahassee, FL 32301

Dear Mr. Hoffman:

As you are aware, during the last cost recovery clause cycle, the Bureau of Auditing was not able to complete the audit of Florida Power & Light Company's filing in the Energy Conservation Cost Recovery Clause (Docket No. 20240002-EG).

As discussed with all of the affected parties, our plan is to address the company's 20240002-EG filings along with the 20250002-EG filings in the audit next year. The scope and conduct of both audits will follow our normal practices, and schedule.

We appreciate your understanding and will work to minimize any inconvenience to your staff in completing the audits.

Sincerely;

A handwritten signature in blue ink that reads "Carl Vinson".

Carl Vinson
