Mr. Adam J. Teitzman Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Dear Mr. Teitzman:

Enclosed please find a "redlined" and a "clean" copy of the following tariffs for Choctawhatchee Electric Cooperative:

Rate Schedule GPC Green Power Choice Rate Rider

CHELCO's Board of Trustees adopted the attached documents.

If you have any questions or required any additional information, please do not hesitate to reach out to me or Emily Cowan, Vice President of Member Services and External Affairs, ecowan@chelco.com or 850.307.1208.

Respectfully,

Steve Rhodes
Chief Executive Officer

NAME OF UTILITY CHOCTAWHATCHEE ELECTRIC COOPERATIVE, INC

GREEN POWER CHOICE RATE RIDER
RATE SCHEDULE GPC

AVAILABILITY - Available to all customers served throughout the Cooperative's service area from existing lines of adequate capacity. Rate Rider Green Power Choice (GPC) customers will be served from the existing electrical system. Customers may purchase green power energy in the form of renewable energy credits (RECs). Multiple increments may be purchased. Power purchased or produced from green power facilities may not be specifically delivered to the customer but will displace power that would have otherwise been produced from traditional generating facilities. Participation under this rate rider is limited to availability

APPLICABILITY - Applicable to all residential customers in good financial standing with the cooperative. All rates, terms and conditions of the rate schedules under which the customer is otherwise served are applicable.

CHARACTER OF SERVICE - Green Power Choice Rate Rider GPC customers have elected to purchase renewable energy credits that are generated from a facility that uses a renewable energy source (i.e., biomass, landfill methane, solar, wind or hydro). Each REC is equivalent to 4,000 kWh annually or in incremental amounts consistent with the Green Power Choice Program.

LIMITATIONS - Members requesting service under this rider will be accepted on a first-come, first served basis subject to availability of REC's. If additional RECs are not available, members requesting service under the optional rider may request their name be put on a waiting list until additional RECs can be secured to serve their request. Subject to all the rules and regulations of this tariff and general rules and regulations of the Cooperative. Standby or resale service not permitted.

RATE -

Green Power Choice Charge	\$4.00 Per Month (Minimum 4 REC @ 4,000 kWh) plus the amount for the rate schedule the customer is otherwise served.
