Don't allow FPL to have a rate increase. People are struggling to pay for basic things increasing the electric rate won't be a good thing for people on fixed budgets. They always begging.

Why is Fpl allowed to get another increase while it continues to spend \$ on advertising without any competition. They also should not be allowed to donate our money to their charities . Thank you for your attention to this matter. Joeburkart46@gmail.com

All you people do is rubber stamp FPL demands for more money from Florida residents! FPL are liars and thieves! They charge Florida residents for the production and installation of electric car charging stations and other ineffective, wasteful projects! FPL steals money left and right! Their executives are overpaid and do little to earn their bloated salaries! END fpl stealing of residents money!
