CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am a home owner within a mile of this proposed water plant. This developer has tried before to get approved for a development and was denied, This is their back handed way of building a water treatment plant not needed to develop the land with 5k homes.

Our Commissioners have turned these down because of traffic is insane with so many people moving in. We don't need or want the water treatment plant. Thank you for your consideration.
