I just wanted to take a moment to thank you for your vote last week on the Environmental Utilities case. I understand this was probably a tough decision, and I know you were feeling pressure from a lot of people. I so appreciate your time, patience, and consideration. You all really made us feel heard in a situation where we had been feeling quite helpless. It means a lot to me that you listened respectfully and really took the time to think through all of the points.

Thank you, and have a great day!
