To whom it may concern,
I am in favor of supporting the FPL rate increase. I have witnessed first-hand the good work FPL has done to deliver inexpensive electricity and energy to South Florida. Being in the restaurant business, I am grateful for how quickly FPL works to restore power to our communities after major storms impact our region. I have friends and affiliates in other states where their electrical companies take significantly longer to get power back to businesses after weather events. These delays have a major impact on their ability to operate and recover.
Thank you for your consideration.

Devin Frankel
