Governor action on extreme TECO rate hikes

**Message**

I am requesting an investigation into TECO's continuous rate increases. For the period 5/15–6/13, my usage rose just 1% over the same period last year, yet my bill increased 28% (\$470.74 vs. \$367.96).

Emera, TECO's Canadian parent company, recently reported Q1-2025 higher profits, citing Tampa Electric as a key driver

I urge you and the Florida Public Service Commission to STOP these unjustified increases, and START protecting Florida consumers.
