Authority Pursuant to Section 214 of
The Communications Act of 1934, As Amended,
To Discontinue the Provision of Service

SECTION 63.71 APPLICATION OF AT&T

AT&T¹ applies for authority under Section 214(a) of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. § 63.71, to discontinue certain legacy voice services in certain wire centers located in 17 states.

¹ AT&T Services, Inc. files this application on behalf of its affiliates set out in the caption.

INTRODUCTION

Through this application, AT&T seeks to discontinue certain VoIP services, called AT&T Phone Service and AT&T Phone for Business, where AT&T can only provide the services over copper (the “Affected Services”), in portions of certain wire centers located in 17 states (the “Affected Service Area”). AT&T previously grandfathered the Affected Services in the Affected Service Area through prior applications that received streamlined approval from the Commission.² As with AT&T’s earlier grandfathering applications, discontinuing these outdated services will benefit the public and serve as an important step toward meeting both AT&T’s and the Commission’s goals of advancing toward next-generation technologies that customers are requesting.³

Upon discontinuance, current customers will have many cost-effective alternatives to choose from as alternatives for the Affected Services. These options include AT&T’s next-generation solutions — AT&T Phone – Advanced and AT&T Phone for Business – Advanced (collectively, “AP-A”)⁴ — which AT&T specifically designed as reliable and cost-effective

⁴ AT&T recently introduced an updated and renamed version of AT&T Phone for Business – Advanced called AT&T Business Voice (“ABV”). ABV uses the same technology and customer equipment as AT&T Phone for Business – Advanced and has all the same features plus additional ones, including improved voicemail, call handling, and call screening functionality. The technical performance of ABV does not vary from AT&T Phone for Business – Advanced. ABV launched on June 17, 2025, and is in the process of being introduced to different market segments. Currently, depending on the market segment, the service may be sold to customers as ABV or AT&T Phone for Business – Advanced. For simplicity’s sake, in this application references to “AP-A” include ABV as well as AT&T Phone – Advanced and AT&T Phone for Business – Advanced.

alternatives to legacy voice services, and which AT&T has cited as key alternatives to the Affected Services in its previous grandfathering applications.⁵ In addition to AP-A, there are many competitive voice offerings in the Affected Service Area offered over cable, fiber, fixed wireless, mobile wireless, and satellite technologies, which most customers have already selected in lieu of the Affected Services.

APPLICATION

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee;

Indiana Bell Telephone Company, LLC, d/b/a AT&T Indiana;

Michigan Bell Telephone Company, LLC, d/b/a AT&T Michigan;

The Ohio Bell Telephone Company, LLC, d/b/a AT&T Ohio;

Wisconsin Bell, LLC, d/b/a AT&T Wisconsin;

Southwestern Bell Telephone Company, LLC, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas.

The address for purposes of this application is:

208 South Akard Street
Dallas, TX 75202

⁵ See *supra* note 2.

Date of Planned Service Discontinuance:

Effective on or after June 30, 2026, pending regulatory approval, AT&T's Affected Services will be discontinued.

Points of Geographic Areas of Service Affected:

AT&T plans to discontinue the Affected Services in the Affected Service Area in sections of 17 states: Alabama, Arkansas, Florida, Georgia, Indiana, Kentucky, Louisiana, Michigan, Missouri, Mississippi, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, Texas, and Wisconsin. Exhibit 1 identifies the list of AT&T wire centers in each state that include any service areas that fall within the Affected Service Area.

Brief Description of Type of Service Affected:

AT&T plans to discontinue AT&T Phone Service and AT&T Phone for Business in the Affected Service Area where AT&T can only provide the service over copper. AT&T will continue to provide, and accept new orders for, AT&T Phone Service and AT&T Phone for Business in areas of these wire centers where AT&T can deliver those services over fiber.

AT&T Phone Service is an enhanced voice communication service that converts voice communications into Internet Protocol (IP) packets that are carried over AT&T's IP network — *i.e.*, “voice over IP” or “VoIP.” AT&T Phone Service includes direct-dialed calling and certain calling and call management features, as well as additional or advanced features that may be offered at additional costs.

AT&T Phone for Business provides an enhanced voice communication service that converts voice communications into Internet Protocol (IP) packets that are carried over AT&T's IP network. It may be generically referred to as “voice over IP” or “VoIP.” The service includes direct-dialed calling and certain calling and call management features or advanced features associated with the service.

Brief Description of the Dates and Method of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on June 30, 2025 for Affected Customers of the Affected Services.⁶ Copies of this Application are being sent via first class U.S. Mail to the governor, public utility commission, federally recognized tribes (if any) in the Affected Service Area, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.⁷

Regulatory Classification of Carrier:

AT&T offers the Affected Services pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Meredith Williams, AT&T Services, Inc., AVP – Federal Relations, 601 New Jersey Ave NW, Suite 400, Washington, DC, (202) 227-9725.

Public Convenience and Necessity:

The public convenience and necessity will not be impaired by the discontinuance of these services. The demand for the Affected Services is very low. The small base of existing customers for the Affected Services has been steadily eroding, and AT&T has previously grandfathered the Affected Services in the Affected Service Area. As a result, it is economically inefficient for AT&T to continue to provide the Affected Services.

Current customers in the Affected Service Area have numerous options to choose from in lieu of the Affected Services, including AT&T's own mobile wireless service and AP-A. Indeed, most consumers in the Affected Service Area have elected to receive voice services

⁶ Example notices are attached at Exhibit 2.

⁷ Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists. Commission staff has advised that a copy of the application be sent instead to the Department of Defense Chief Information Officer.

from the many cost-effective voice options available to them, including competitive voice offerings offered over cable, fiber, fixed wireless, mobile, and satellite technologies. In addition, customers in the Affected Service Area can purchase VoIP services that run on top of fixed-wireless broadband connections (whether offered directly by the broadband provider or by a third party), and other customers can use satellite providers that offer voice services, including Viasat and Hughes.⁸

CONCLUSION

For the reasons identified above, the public convenience and necessity will not be adversely affected by the discontinuance of the Affected Services. AT&T respectfully requests the Commission approve its Section 63.71 Application to discontinue services.
