RE: Florida Power and Light – Docket No. 20250011-EI – Confidentiality Request – Document No. 03402-2025

Pursuant to Section 366.093, Florida Statutes (F.S.) and Rule 25-22.006, Florida Administrative Code, Florida Power and Light (FPL or Company) requests confidential classification for information appearing in its response to Office of Public Counsel's (OPC) Thirteenth Request for Production of Documents (PODs) No. 133, dated May 5, 2025.

The Company is claiming confidentiality for information appearing in its response to OPC's Thirteenth Request for PODs, No. 133 under Section 366.093(3)(e), F.S. Per the Statute, proprietary confidential business information includes, but is not limited to: Subsection (e) "Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of information." FPL stated in its confidentiality request (Document No. 03401-2025) that the information provided in Document No. 03402-2025 for which confidential treatment is being sought includes information relating to competitive interests of FPL or the provider of the information, the disclosure of which would impair the competitive business interests of FPL or the provider of the information. Specifically, the information contains pricing information related to dismantlement costs which would impair the efforts of FPL to contract for goods or services on favorable terms.

Staff has reviewed the information provided in FPL's response to OPC's Thirteenth Request for PODs, No. 133 (Document No. 03402-2025), as well as the Company's confidentiality request (Document No. 03401-2025). In staff's opinion, the information that is the subject of the confidentiality request does meet the criteria for confidentiality contained in Section 366.093(3)(e), F.S. Therefore, staff recommends that the request for confidentiality of information included in Document No. 03402-2025 be approved.
