FP&L Continued Rate Increases

Message

Dear Governor DeSantis,

I am writing to request your assistance re: the skyrocketing costs of our FPL power bills.

Our power bills continue to climb with no relief (or plan for any) in sight. I understand that

FPL has a rate case (proposed 30% rate hike) sitting in front of the Public Service Commission (PSC).

Unfortunately PSC seems to have forgotten they are to serve the public interest not just the interest of the utility companies.

Please help reduce Floridians power costs.

Thank you

Governor, I fully support you and am so grateful for your appointment to the North Broward Hospital Board, but something has to be done about FPL. Its latest rate boost it justified because new customers. How does that justify increased charges for existing customers? FPL is a monopoly. Yet it spends consumers money advertising on television, for which it charges its existing customers. Monopolies don't have to advertise. I support you and President Trump. Please address this. Thank you.
