Dear Florida Public Service Commissioners,

Dear Commissioners,

I'm writing as an FPL customer deeply concerned about the proposed rate increase. Raising rates to this extent would put an even heavier burden on Florida families who are already struggling with the high cost of housing, healthcare, and daily essentials. For seniors on fixed incomes and low-income households, these higher bills could be devastating.

FPL is already a profitable utility. Customers should not be forced to pay more simply to pad corporate earnings. Utilities are meant to serve the public, not exploit them.

I respectfully ask that you deny FPL's request for a higher return on equity and any increase to the base rate. The Public Service Commission must put the needs of everyday Floridians first and ensure electricity remains affordable and fair.

Thank you for your attention and for standing up for the people of Florida.

Sincerely,

Carmen Roque
