Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with

large industrial and commercial interests and to hold FPL accountable.

Other power companies in the area are LOWERING their rate! Why does FP&L need to raise theirs? And what are fixed, low-income families and seniors supposed to give up to pay your increase? Medications? Food? Doctor visits? When officers of these large corporations make many times more in a year than most of us will make in our lifetime, can you not understand why we grow frustrated and angry?

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes.

Thank you for your time and consideration.

Sincerely,

Linda Derryberry
