Dear Florida Public Service Commission,

I'm a Floridian and I am requesting that you vote NO on FPL's settlement agreement that would raise rates far above the national average.

If the Commission approves FPL's settlement, FPL will have the second highest return on equity in the country. That's a huge burden for Florida families who can barely afford our energy bills as it is.

Please reject FPL's settlement agreement and cap its return on equity to the national average of 9.6%.

I'm counting on you to protect Florida ratepayers. Our bills are so ridiculously high right now, and FPL has made it very difficult in surreptitious ways to easily install solar panels....PLEASE HELP US, WE'RE DROWNING!!!!

Thank you for your consideration,

Sincerely,  
ms Tamara Hendershot
