Re: Docket No. 20250048-EG – Petition for approval of proposed demand-side management plan, by Florida Power & Light Company.

Dear Mr. Cox:

On July 29, 2025, the Commission issued Order No. PSC-2025-0292-PAA-EG, approving, with modification, the demand-side management (DSM) plan for Florida Power & Light Company (FPL or Utility). FPL filed revised Optional HVAC Services Agreement tariff sheets on September 8, 2025, to reflect the modification to the Utility's HVAC On-Bill Pilot program. Following staff's review, FPL submitted a supplemental filing on September 12, 2025, which included revised program participation standards to comply with the requirements of the Order.

Commission staff has reviewed FPL's filings and believes that the revised tariff sheets and program participation standards meet the requirements of Order No. PSC-2025-0292-PAA-EG and therefore are approved. Staff requests that FPL notify the Commission prior to any changes being made to the tariff sheets and program standards as filed.

Sincerely,

s/ Laura King

Laura King, Assistant Director
Division of Engineering
