Dear Florida Public Service Commissioners,

This is utterly ridiculous! FPL has raised their rates to INSANE amounts even prior to this. I am already paying almost \$100 a month MORE than last year and have raised the AC from 75 to 77. They do NOT deserve ANY type of rate increase at this time. Would be more than happy to provide you copies of our bills going UP and kW hours going DOWN! Enough is enough!!

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes.

Thank you for your time and consideration.

Sincerely,

Lisa Polidora
