RE: Docket No. 20250048-EG – Petition for approval of proposed demand-side management plan, by Florida Power & Light Company.

Pursuant to Order PSC-2025-0292-PAA-EG, issued July 29, 2025, this docket shall be closed administratively upon staff's review and approval of Florida Power & Light Company's (FPL or Utility) revised documents reflecting the modification to the Utility's demand-side management (DSM) plan. On September 8, 2025, and September 12, 2025, respectively, FPL filed its revised Optional HVAC Services Agreement tariff sheets and revised program participation standards to reflect the modification to the Utility's HVAC On-Bill Pilot program, and comply with the requirements of the Order.

On September 16, 2025, staff sent a letter to FPL advising that its revised tariff sheets and program participation standards are consistent with the DSM plan approved by the Commission and therefore are approved. No further action is necessary in this docket. Therefore, pursuant to Order PSC-2025-0292-PAA-EG, this docket should now be administratively closed.
