Dear Florida Public Service Commissioners,

I am a residential customer of Florida Power & Light (FPL) and a member of AARP, and I oppose FPL's attempts to raise its rates even higher than they already are. I opposed the increases FPL proposed in February, and I oppose the nearly identical increases FPL has now put forward with its corporate partners in a so-called "Settlement" negotiated in secret. These rates remain excessive and unfair to residential customers.

FPL's claim that this "Settlement" represents residential customers like me and my family is false. No one from FPL ever consulted us, asked for our input, or received our consent to speak on our behalf. Instead, FPL chose to ignore the voices of ordinary Floridians who have already expressed strong opposition to these increases.

My family and I call on the Public Service Commission to reject these secret deals cut with large industrial and commercial interests and to hold FPL accountable.

Enough is enough — protect residential customers from corporate greed and unjustified rate hikes.

Thank you for your time and consideration.

P.S. They lie on the phone when you call to see why your bill has gone up two hundred dollars. They said there was nothing wrong. I replaced my water heater trying to figure it out, on my own. And my bill went down two hundred dollars. They will not tell you, they want your money. They are a monopoly. I have no choice on who I get for an electric company. So they can charge whatever they want. I'm stuck. Please stop this. They are not that good anyway. I call, I get India, not the USA where they should be.

Sincerely,

WENDY MCALLISTER
