Dear Florida Public Service Commission PSC,

My name is [NAME], and I am a resident of [COUNTY NAME]. As a Florida Power & Light customer, I strongly oppose the rate increase request of almost \$10 billion — the largest in US history. This unjust and excessive increase would further cause everyday Floridians, especially Black and Brown communities, to fall deeper into a burden caused by the high costs of living currently.

During the public service hearings, we witnessed firsthand how real Floridians are currently struggling to pay their bills, rent, groceries, and medications. Community organizations are standing up against corporate greed and revealing the conditions that everyday Florida residents are currently experiencing.

The PSC should prioritize consumers by ensuring fair and affordable utility rates. I urge the Public Service Commission to reject this massive rate hike and stand by Floridians and not for-profit corporations. We need affordable and clean energy.

Sincerely,  
Miss Elizabete Alverca
