Duke Energy Electric Bills

Message

Dear Governor Desanti,
The reason I am writing this is due to the excessive electric bills we are receiving since roughly April of his year. We have not change the way we have run our household and set the air as it's always been set and our electric bills were typically \$220-260 a month. Since April, they have sometimes more than doubled which is absolutely ridiculous. What can be done for this ridiculous rate hikes we are seeing in an already hard economy.

Regards,
Vince Papsidero
