BY THE COMMISSION:

Background

On September 2, 2025, Florida Public Utilities Company (FPUC) filed a petition for approval of its Gas Utility Access and Replacement Directive (GUARD Program) cost recovery factors for the period January through December 2026. By Order No. PSC-2023-0235-PAA-GU (2023 Order), we approved FPUC's 10-year GUARD program, consisting of (1) replacement of problematic pipes and facilities and (2) relocation of mains and service lines located in rear easement and other difficult to access areas to the front lot easements.¹ The 2023 Order allows FPUC to recover the revenue requirements of expedited programs to replace problematic pipes and facilities and enhance the safety and accessibility of portions of FPUC's natural gas distribution system through a monthly surcharge on customers' bills.

We further ordered FPUC to: (1) include all calculations to show a final true-up, actual-estimated true-up, projected year investments and associated revenue requirements, and the calculations of the GUARD factors by rate class; (2) provide a report including the location, date, description, and associated costs of all replacement projects completed and all projects scheduled for the following year; and (3) include any remaining gas reliability infrastructure program over- or under-recovery in the GUARD cost recovery. FPUC has complied with the

¹ Order No. PSC-2023-0235-PAA-GU, issued August 15, 2023, amended by Order No. PSC-2023-0235A-PAA-GU, issued August 18, 2023, in Docket No. 20230029-GU, *In re: Petition for approval of gas utility access and replacement directive, by Florida Public Utilities Company.*

2023 Order directives stated above. We approved FPUC's 2025 GUARD factors in Order No. PSC-2024-0504-TRF-GU.²

This order is to suspend the proposed tariffs for 2026 GUARD factors. We have jurisdiction over this matter pursuant to Sections 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

Discussion of Issues

We find that FPUC's proposed GUARD cost recovery factors and associated tariff for the period January to December 2026 shall be suspended to allow our staff sufficient time to review the petition and gather all pertinent information in order to present us with an informed recommendation on the proposed tariff modifications.

Pursuant to Section 366.06(3), F.S., we may withhold consent to the operation of all or any portion of the new rate schedules, delivering to the utility requesting such a change a reason or written statement of a good cause for doing so within 60 days. We find that the reason stated above is a good cause consistent with the requirement of Section 366.06(3), F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Florida Public Utilities Company's proposed GUARD cost recovery factors and associated tariff for the period January to December 2026 shall be suspended to allow Commission staff sufficient time to review the petition and gather all pertinent information in order to present us with an informed recommendation on the proposed tariff modification. It is further

ORDERED that this docket shall remain open pending our decision on Florida Public Utilities Company's GUARD cost recovery factors and associated revised tariffs to implement the 2026 GUARD factors.

² Order No. PSC-2024-0504-TRF-GU, issued December 17, 2024 in Docket No. 20240137-GU, *In re: Petition for approval of GUARD cost recovery factors, by Florida Public Utilities Company.*
