Re: Docket No.20250011 -EI

Petition by Florida Power & Light Company for Base Rate Increase

I'm writing to urge you to reject Florida Power & Light Company's proposed rate increase (Docket No. 20250011).

FPL is requesting nearly \$10 billion in new charges over the next four years — costs that will fall on the backs of the very people who rely on FPL to keep the lights on. Half of every dollar in this proposal would go straight to shareholder profits, not essential services. That's unacceptable.

In the last five years alone, FPL customers have seen their bills jump by more than \$400 a year. This latest plan would add another \$360 in just two years — all while Floridians are still recovering from devastating storms and battling the rising cost of living.

FPL claims the hike is needed to meet demand, but the Office of Public Counsel has made it clear that this is misleading. According to OPC, FPL's numbers are inflated — and rather than raise rates, the company should actually cut them by \$620.5 million in 2026.

Sincerely,
Miss Morgan Dansby

Mr. Sam Belsky, Digital Director/ Press Assistant Representative Debbie Wasserman Schultz-- House District 23

Good Day !

FPL- Ripoff Since 2022 FPL Account No. 26582-57510 Medicare Insurance Increase 2026 From \$185. to - \$206. <<<<<

I would be most happy to share my legitimate concerns with your office.

FPL was somehow able to convince both the FPSC, and also the PSC that any household that has a minimal monthly KWH usage will

be monetarily penalized every month? One would think from an incentive position that FPL should instead have commended

and also rewarded any household that has made a diligent effort to conserve electricity. This FPL Ripoff has been ongoing since

the year 2022, and is due to finally terminate in December 2025.

In Summation:

As a well-versed Senior Citizen, and also US Navy Veteran I have no doubt paid my dues and will be 86 years young on Nov 2, 2025

Thank You.

Respectfully,

Michael J. Walsh

Hi Michael,

I'm reaching out from Congresswoman Debbie Wasserman Schultz's Office to say thank you for sharing your healthcare price hikes with us. We're looking to share the stories of impacted Floridians online and in the media to raise awareness and hopefully bring the healthcare crisis to an end.

Would you be interested in sharing your story wider? We can share your story on social media or with press, either anonymously or publicly, whichever you prefer. Please respond to this email if you're interested, and we can find a time to get on the phone and talk through what you're comfortable with.

Thanks,

Dear Chairman LaRosa,

My energy bills have gone up far too much per month. With prices climbing on all basic needs, it's becoming impossible to manage. Floridians need relief. I urge you to support OPC's proposal for lower energy rates and reject FPL's rate hike.
