Good Afternoon,

We will be placing your comments below in consumer correspondence in Docket No. 20250023, and forwarding them to the Office of Consumer Assistance.

Thank you!

**Subject:** Docket #20250023-WS

**CAUTION:** This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Commissioners,

I am writing as a customer of Grenelefe Utility to express my opposition to the proposed water and wastewater rate increases in Docket No. 20250023-WS.

The proposed bills - rising roughly \$30/ to over \$300 per month are neither just nor reasonable. Such a dramatic and sudden increase violates the Commission's duty under Section 367.081(1), Florida Statutes, which requires that rates be "fair, just, and reasonable" to both customers and the utility. Rates must balance the utility's right to recover prudent costs with customers' right to affordable and essential service.

I understand Grenelefe faces infrastructure challenges and environmental compliance obligations. However, the proposed approach unfairly shifts nearly all financial burden onto existing customers. Under Florida law, the Commission has the authority to:

1. Require that new development and future growth pay their proportionate share of capacity costs through plant capacity charges (see 367.081(02)(a), Fla. Stat.), rather than burdening current ratepayers.

2. Spread recovery of major capital improvements over a longer time horizon, instead of imposing immediate and unaffordable increases.
3. Consider whether grant funding, low-interest loans, or state/federal assistance are available before approving extreme increases.

I respectfully urge the Commission to:

1. Reject the proposed rate structure as filed.
2. Require Grenelefe to resubmit a plan that phases in increases gradually and equitably.
3. Ensure that developers and new connections bear appropriate responsibility for growth-related costs, consistent with Commission precedent and statutory authority.

The current proposal would devastate residents, especially seniors and families on fixed incomes. I ask that you uphold your responsibility under Florida law to ensure rates remain fair, just, and reasonable.

On a personal note, I am a 75 year old retired, semi-disabled resident who lives solely on social security and I simply have no idea how I can pay the proposed exorbitant fees. I just don't know what I will do. Please help us.

Thank you for considering my comments and for protecting the public interest in this matter.

Sincerely,

Linda C. Warren
