Re: Docket No. 20250125-WS; Application for Amendment of Certificate Nos. 680-W and 578-S water and wastewater service territories in Duval, Baker and Nassau Counties by First Coast Regional Utilities, Inc.

Dear Mr. Teitzman,

In compliance with the requirements of the Commission staff Second Deficiency Letter dated December 10, 2025, the surveyors and engineers representing First Coast Regional Utilities, Inc. have had discussions and meetings with members of the Public Service Commission staff over the last week to ten days and it is my understanding that on Thursday, December 18, the staff was provided with the legal description that complies with the Commission rules and is satisfactory to staff as the response to the Second Deficiency Letter which clears up that deficiency. As such, no further deficiencies to the application remain. If you have any questions or need anything further, please do not hesitate to contact me.

Sincerely,

SUNDSTROM & MINDLIN, LLP
