**Subject**  
Duke Energy (Fuel Surcharges)

**Message**  
Governor DeSantis,  
I am very concerned about the pricing that Duke Energy is charging customers. Since last year, my electric bill has doubled and in a season where I typically don't use my air conditioning much. I am being told the fuel surcharge is just passed on and they are not profiting from this. Please explain to me how they have raised the fuel surcharges this January of 2026 and fuel costs have gone down? Can you please look into this and help the middle class of Florida?
