I am writing to voice my opposition to the proposed water rate increase referenced in the docket number listed above.

The proposed water rate increase is not justified, nor fair, to the residents of the community. We have long had problems with our water meters and accountability for the water used. Along with increasing lot rents, these additional increases pose a financial burden on a community of seniors, many of which are already under financial stress. Please accept this letter as opposition to the proposed increase.

Thank you for your consideration.

Concerned resident of Water Oak.
