BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Storm Protection Plan Cost Recovery Clause	DOCKET NO. 20260010-EI FILED: February 27, 2026
--	--

**TAMPA ELECTRIC COMPANY'S
FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION**

Tampa Electric Company ("Tampa Electric" OR the "company"), pursuant to Section 366.093, Florida Statutes ("F.S."), and Rule 25-22.006, Florida Administrative Code, submits its First Request for Extension of Confidential Classification ("Request") for certain information contained in the company's responses to the Office of Public Counsel's ("OPC") First Request for Production of Documents (Nos. 1-2) in Docket No. 20240010-EI (DN 02787-2024). In support of this Request, Tampa Electric states:

1. On May 6, 2024, Tampa Electric filed a Request for Confidential Classification ("Request") (DN 02784-2024) for certain information contained in the company's response to OPC's First Request for Production (Nos. 1-2), as it constitutes "proprietary confidential business information" under Section 366.093(3), Florida Statutes.

2. On August 30, 2024, the Commission entered Order No. PSC-2024-0383-CFO-EI in Docket No. 20240010-EI, which granted Tampa Electric's Request. Pursuant to that Order, the period of confidential classification is set to expire on February 28, 2026.

3. Tampa Electric submits that the confidential information subject to the Request continues to be "proprietary confidential business information" within the meaning of Section 366.093(3), Florida Statutes. More specifically, the information subject to Request relates to engineering consulting contract pricing for Storm Protection Plan development.

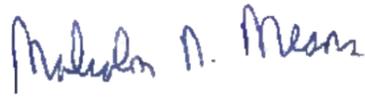

4. The information constitutes “information concerning bids or other contractual data, the disclosure of which would impair the efforts of” Tampa Electric “to contract for similar services on favorable terms in the future.” This file is also confidential because it contains “information relating to competitive interests, the disclosure of which would impair the competitive business of” the company’s engineering consultants. This information is thus "proprietary confidential business information" as set out in Section 366.093(2)(d)-(e), Florida Statutes. Tampa Electric continues to treat this information as confidential and has not disclosed it publicly. Furthermore, nothing has changed since the issuance of Order No. PSC-2024-0383-CFO-EI that would render the information stale or public such that confidential treatment would no longer be appropriate.

5. Tampa Electric respectfully requests that the Commission find that the information continues to be “proprietary confidential business information” and asks that it be treated as such for an additional period of at least 18 months and should be returned to Tampa Electric as soon as the information is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, Tampa Electric respectfully requests that this First Request for Extension of Confidential Classification be granted.

Dated this 27th day of February, 2026.

Respectfully submitted,

A handwritten signature in blue ink that reads "Malcolm N. Means".
