COMMISSION
CLERK

On February 27, 2026, pursuant to Section 366.093, F.S., and Rule 25-22.006, F.A.C., DEF filed its third request for extensions of confidential classification for certain highlighted information contained within each of the referenced documents above. All of DEF's original Requests for Confidential Classification related to the above referenced documents, were granted by previous Commission Orders. DEF's first and second requests for extension of confidential classification of the above documents were also granted via subsequent Commission Orders.

The Company is claiming confidentiality for certain information contained within each of the above-referenced documents under Section 366.093(3)(d) and (e), F.S. Per the Statute, propriety of confidential business information includes, but is not limited to: Subsections (d) "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms," and (e) "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Staff has reviewed the information within each of the referenced documents, as well as each of the Company's confidentiality requests. In staff's opinion, the information that is the subject of each of the Company's confidentiality requests continues to meet the criteria for confidentiality contained in Section 366.093(3)(d) and (e), F.S. Therefore, staff recommends that the requests for extensions for confidentiality of the aforementioned, highlighted information included in the above referenced documents, be approved.
