INDEPENDENT AUDITORS' REPORT

Board of Directors
St. Joe Natural Gas Company, Inc.
Port St. Joe, Florida

We have audited the accompanying balance sheets of St. Joe Natural Gas Company, Inc. as of December 31, 2005 and 2004, and the related statements of income, stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Joe Natural Gas Company, Inc. as of December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Note 1 Summary of Significant Accounting Policies

Business Activity

The St. Joe Natural Gas Company, Inc. sells and delivers natural gas to residential and commercial customers in the Port St. Joe, Wewahitchka, and The Beaches areas under franchise agreements. The Company operates under the regulatory authority of the Florida Public Service Commission, which regulates certain operating procedures, gas rates, and return on capital. The Company is subject to rate and earnings reviews by the Commission. St. Joe Natural Gas Company also operates a retail appliance sales and service business serving the geographic area that is not under the regulatory authority of the Commission.

Property, plant, and equipment

The natural gas utility plant is recorded at cost, and includes an allocation of administrative and general costs, payroll costs, and construction-related costs. Maintenance and repairs of plant, and replacements considered to be minor, are charged direct to operating expenses.

Depreciation is computed in accordance with rates approved by the Florida Public Service Commission on a straight-line basis, with service lives ranging from 5 years to 40 years.

Accounts receivable

Receivables are stated at their gross value, and include receivables for gas sales, services and appliance sales. The company did not use an allowance for doubtful accounts. Because of the company policy to require deposits for gas sales, ordinarily bad debt amounts, if any, are not material and are written off as incurred.

Inventories

Inventories consisting of supplies, replacements parts, and merchandise for resale are stated at the lower of cost or market. Cost is determined using the first-in, first-out valuation method. A point of sale system is used to account for retail appliance inventories.

Income Taxes

Deferred income taxes are recognized in accordance with the provisions of SFAS 109, for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to be recovered or settled. The effect on deferred taxes of a change in tax rate is recognized in income in the period that includes the enactment date.

Note 1 Summary of Significant Accounting Policies, *continued*

Cash

For the purposes of cash flows, the Company considers all highly liquid debt instrument purchases with a maturity of ninety days or less to be cash equivalents. The carrying amount of these instruments approximates fair value because of their short maturity.

Use of estimates

Management of the Company has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

Asset retirement obligations

The Financial Accounting Standards Board issued statement number – 143, Accounting for Asset Retirement Obligations, in June 2001. The Florida Public Service Commission adopted SFAS 143 under order number PSC-03-0906-FOF-PU issued August 7, 2003 and is effective for the year ending December 31, 2003.

SFAS and PSC rule requires utilities to determine if they have any assets meeting the criteria to recognize Asset Retirement Obligations.

A review of the SJNG assets including easements and right of way agreements does not indicate any legal obligation to remove, or a time frame or expiration of agreement requiring removal of plant or equipment.

Any future requirement to remove gas distribution systems cannot be determined as to the point in time that this would be required, nor can a cost of removal be reasonably determined, nor that substantial removal would be required.

Therefore SJNG is not recognizing any Asset Retirement Obligations under SFAS 143 for the year ending 2005.

Note 2 Natural gas sales

Natural gas sales to large commercial customers have declined over the past five years due to changes in the local industrial economy. Sales to commercial and large commercial accounts are approximately 22% of total gas revenue for 2005 and 2004. The majority of natural gas sales are to the residential market.

	Gas Revenues	
	2005	2004
Residential	\$ 1,223,173	\$ 1,274,337
Large Commercial	211,530	225,746
Small Commercial	127,205	132,604
Total	\$ 1,561,908	\$ 1,632,687

Note 3 Inventories

Inventories consist of the following as of December 31:

	2005	2004
Plant materials and supplies	\$ 20,275	\$ 16,321
Merchandise for resale	619,681	296,543
Materials and supplies	22,764	43,412
Total	\$ 662,720	\$ 356,276

The Company has employed sales staff, constructed a sales facility, and increased marketing to expand appliance sales and service in an effort to increase non-utility revenue. Because of the increased emphasis on appliance sales and service, inventories increased.

Less: Current portion	150,000	153,158
Notes payable, net of current portion	\$ 396,827	399,985

Note 5 Deferred Credits

The deferred credit consists of prepaid gas accounts for Florida Coast Paper Company, LLC and Gulf Correctional Institute. Because of the closure and bankruptcy of Florida Coast Paper Company, LLC, and in accordance with the terms of the agreement dated September 8, 1997, the prepaid gas account is no longer accessible by Florida Coast Paper Company, LLC. The resulting balance of the prepaid gas account reverts to income to St. Joe Natural Gas Company, Inc. Under Florida Public Service Commission order PSC-01-1274-PAA-GU, the deferred income amount will be included in income equitably over the next 31 years. In accordance with SFAS71, income will be recognized for financial statement presentation the same as for regulatory purposes. The income amount recognized for 2005 was \$50,922.

Note 6 Provision for Income Taxes, *continued*

The tax effects of temporary differences that account for significant portions of the deferred tax assets and the deferred tax liabilities at December 31, 2005 and 2004 are presented below.

	2005	2004
Deferred tax assets:		
Deferred income, partially due to differences in recognition allowed by Public Service Commission regulation and income tax reporting purposes under Internal Revenue code section 481(a)	\$ 489,365	534,668
Deferred tax liabilities:		
Property and equipment, principally due to differences in depreciation for income tax reporting purposes	(509,365)	(504,405)
Net deferred tax asset (liability)	\$ <u>(20,000)</u>	<u>30,263</u>

There is no valuation for deferred tax assets. The Company expects that the results of future operations will generate sufficient taxable income to allow for the utilization of deferred tax assets.

Note 7 Retirement Plan

The Company adopted a defined contribution plan based on contributions of up to 15% of salaries and bonuses effective January 1, 1988. All employees 21 years of age and older and have completed six months of service are eligible to participate in the plan. The Company elected to make a contribution to the plan for 2005 in the amount of \$5,000. The company did not make a contribution in 2004.

For the years ended December 31, 2005 and 2004

Note 8 Purchased Gas Costs Adjustments

The Florida Public Service Commission (FPSC) requires that the sale of gas be revenue neutral. The Company is allowed to recover the costs of purchased gas through customer billings. Rates are set annually based on the projected cost of gas. The over or under recovery of gas costs must be recorded, and rates adjusted accordingly in the subsequent year. The over and under recovery does not generate deferred tax assets or liabilities. The purchased gas cost adjustments are reported the same for financial and income tax reporting purposes. As of December 31, 2005 and 2004 the Company had purchased gas cost credit adjustment amounts of \$207,921 and \$127,873 respectively.

Note 9 Related Party Transactions

As disclosed in note 4, a director of the Company holds a promissory note in the amount of \$150,000 secured by 660 shares of the company's stock. The note has an interest rate of 8.0% compounded annually. Accrued interest on the note as of December 31, 2005 was \$8,000. The Florida Public Service Commission, under Proposed Agency Action proceedings limited the allowed interest rate on this loan to 8.0% compounded annually for rate making purposes.

Note 10 Florida Public Service Commission Regulatory Action

In a 2001 rate case the Florida Public Service Commission determined that for rate base purposes, the equity of the Company is limited to 60% regardless of the actual equity amount in the company. The FPSC also approved an 11.5% rate of return on the imputed equity amount. There was no action with the FPSC regarding a rate case during 2005 and 2004.

Note 11 Dividends

The Company did not declare dividends for the years ending December 31, 2005 and 2004.
